SALVAFIX Standard

SALVAFIX Standard ankle bands *allow to ensure the patient's feet to the bed. The set composes a strap fixed to the bed structure and two sewn ankle bands.*

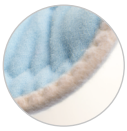

Made of 100% polyester straps with inner reinforcement and stainless steel eyelets for a higher strength. 100% polyester soft to the touch piping for a comfortable fit. Welded stainless steel rings. Comfortable padded ankle bands with 5mm foam and 100% polyester soft fabric and hook/loop fasteners allows faster and tight application, increasing system security. Safety locks are made of a Stainless Steel pin and a PC/ABS Casing with an internal mechanism that blocks the pin when it is inserted. Magnetic key is needed for system releasing, made of a PA casing and Neodymium magnet.

ANKLE BANDS
