SALVACEL

ENGLISH

SALVACEL fiber mitts *for restraining non-agitated patients. They allow securing the patient's hands to the bed to prevent self-injury, aggression, or manipulation of clinical equipment. Quick and easy installation thanks to Velcro® closure. High-strength and breathable polyester mesh fabric. The fiber interior conforms to the hand's ergonomics, providing greater comfort to the patient.*

Manufactured with a breathable and hypoallergenic inner and outer coating made of 8mm thick polyester foam, with a viscose fiber inner face and a soft polyamide velour outer face (274g/m2). Polyester straps with a breaking strength of up to 160Kg - 1560N. Polyamide 'D'-shaped ring. Hollow siliconized polyester fiber interior.
